## TAYLOR & CANNAN.

### OUR DISTRICT AT THE STATE FAIR !

Fine Exhibit to be Made at Owensboro—Something About the Metal Radium—Comparison of Wage Scales.

#### INCREASE OF ZINC ORES IN 1904.

It is expected that this district will be strongly represented at the state fair at Owensboro the latter part of the month. The State Board of Agriculture has made a special request that samples of all of our ores, clays, etc., etc., be placed on exhibition during the fair. Mining men desiring any specialties exhibited in the shape of minerals can make arrangements to do so by calling at the Reed Mining company's office at Marion within the next ten days.

Radium makes amends for its scarcity by its remarkable properties. A little of it goes a long way. It is so highly luminous that print can be read by its light. Curiously enough, it possesses the power of imparting its own luminosity to other bodies, which in their normal state are quite inactive. A mere fraction of a grain in solution poured from one vessel to another imparts to each considerable activity, which persists for some time, even after both vessels are washed in the usual way. The property is similar to that of a grain of musk, which imparts its odor to every article of clothing in a wardrobe, although there has been no material contact. So powerful is the photographic action of radium that it is capable of penetrating black paper and other

opaque objects as readily as sunlight passes through clear glass. Its chemical action is no less energetic and remarkable. Oxygen is transformed into ozone; yellow phosphorus is converted into red phosphorus.

So great has been the demand for space in the Mines and Metallurgy Building at the St. Louis exposition, for exhibition space that changes have been made in the plans which will give 12,000 square feet of additional space. The new arrangement provides for the utilization of the beautiful loggia, which extends around its four sides, between the decorative or outer wall and the screen, or interior wall of the building. The use of a six foot strip of this space allowing for an aisle 10 feet wide, will give a total of 10,000 square ft for exhibits. Chief Holmes, of the department, declares that the change will not effect the beauty of the building, and that it is his purpose to install the loggia space only such exhibits as will be in themselves attractive and in harmony with the decorative appearance of the passage.

The Illinois Central paid its half yearly dividend September 1, making the ninety-seventh continuous dividend paid by that com-

pany. It is on the basis of 6 per cent for the year. The Illinois Central is one of the few roads in the country which has never passed through the hands of a receiver and which has a record for regularity in dividend payments. The road earned about \$10,200 per mile during the year. The capital stock has been increased from \$60,000,000 in 1891, to \$95,000,000. The net fixed charges are only \$4,799,143, or \$1,150 a mile on 4,726 miles of road.

An interesting comparison of the different wage scales in effect in England, Paris, Liege and the United States has been made by the Finanz-Chronik, a German financial paper, which found that the averages during 1902 were as follows: United States \$2.50; England, \$1.35; Paris, \$1.34; Liege, 65 cents. According to the same authority, the average wages in England increased from \$1.20 in 1870 to 1.45 in 1902, while in the United States the average in 1870 was 2.20 against 2.50 in 1902.

Manager Wm. Robinson, of the Haldeman Warehouse, Louisville, has kindly placed at the disposal of the Kentucky Exhibit Association about 5,000 square feet of floor space in the basement of this building and the Association has decided to make it the depot for mineral exhibits, which are now being collected. Already ten barrels of crude oil have come from different districts in Kentucky. The first of the ores to arrive was two barrels of zinc from Owen county.

Our Mining Editor, who is now wearing a skin that feels like it had been on terms of intimacy with a mustard plaster, sadly sings:

Here's to the chigger,  
That ain't any bigger  
Than the point of a good sized pin  
But the bump that he raises  
Itches like blazes  
And there's where the rub comes in.

More attention is being paid to zinc ore production throughout the west than at any other time during past years. One new Mexican mine has shipped over 4,000 tons ore during the past few months for zinc oxide manufacturing plants and with the addition of magnetic separation will be able to increase its tonnage. Walkerville, Mont., Park City and other Utah camps promise to produce marketable zinc ore in the near future; British Columbia is to have several more zinc reduction plants, one of the latest mines to make preparation for handling zinc being the St. Eugene, one of the heaviest silver-lead producing mines in the province; from Mexico comes advices of prospective zinc shipments from at least three properties. If present conditions are maintained throughout the west, with the completion of the concentrating plants now planned or under way, the total zinc production of the United States will be greatly increased in 1904 over that of the present year. Advices from Continental zinc producing districts still continue to give unsatisfactory reports of the life of zinc mines now in operation while indication now point to even greater zinc tonnage in this country than ever before produced.

In the case of Smith vs. Jones, et al., as reported in the Pac. Rep. Utah, 1104, it was held that the surface of mineral lands, may be owned by one person and the mineral underneath by another, each with an indefeasible title, and that when so owned, they constitute separate corporeal ownership, and the surface land might be partitioned the same as where is no mineral under it.

The New York market for the week ending Sept. 5th, was firm but a shade easier in tone, for pig lead, the basis being 4.10 for 50 ton lots and 4.12 1/2 in car loads. The market is strong and unchanged on spelter, spot deliveries closing at 6c.

#### PUBLIC WATERING PLACE

To be Opened at Crooked Creek Bridge, West of Town.

##### TO WHOM IT MAY CONCERN:

That I have been asked by a number of persons of the town of Marion, as well as teamsters who drive over the Marion and Salem road to have a watering place opened up at or near the bridge on Crooked creek about one mile west of town. In response to these inquiries I will say that the record here shows that the county owns a small piece of land, including the old creek bed and a ditch that was cut by the county for the purpose of letting the water have a straight chute under the bridge. After said ditch had been cut, notwithstanding the owners of the land had given their consent, yet they were induced to come before the fiscal court and ask for change, whereupon said court did pay twenty-five dollars for a little bend of land on Crooked creek, from the east side of said ditch to the county road, and it is on this land that a fence has been built which joins the bridge at one end and the Harvey Elder farm at the other end, thereby inclosing the county land and depriving the traveling public the free use of the pure water that flows through our possessions. And it is my purpose in this article to show that I am taking the necessary steps to have said watering place opened up for the free use of all. In the first place I have had a talk with the parties controlling the fence which cut the public off from the county's property, and they promised me that they would remove the fence at once. But should he fail to comply with this request, legal

proceedings will be taken at once and the county's property there will be opened up for the benefit of all.

Hoping that I can supply your wants in reference to this question I am, your servant as ever,  
AARON TOWERY, P. J. C. C. C.

## TRUNK RAILROAD

To be Built from Hudson Bay to Buenos Ayres.

Guthrie, Okla., Sept. 2.—Plans for a gigantic railroad with a trunk line connecting Hudson Bay with British Columbia, Buenos Ayres, South America, and having a network of branches, was disclosed today when articles of incorporation of the Pan-American Railroad Company, with a capital stock placed at \$250,000,000, were filed with the Secretary of the Territory.

The purpose of the corporation, it is said, is to build a line of railway, extending from Port Nelson, Hudson Bay, in a southerly direction, crossing the line of the Canadian Pacific near Winnipeg, Manitoba, through North Dakota, South Dakota, Nebraska, Kansas, Oklahoma and Indian Territory, to Galveston, Texas, from Galveston through the republic of Mexico to the boundary line of Central America, through to the Isthmus of Panama, thence through the United States of Columbia, to Ecuador, and finally through the republic of Peru to Buenos Ayres, on the Atlantic ocean.

Also a branch line beginning in the republic of Peru and extending in a southeasterly direction through Brazil to Rio Janeiro; also a branch line beginning in the republic of Peru and extending in a southeasterly direction through Chili to Valparaiso, on the south Pacific ocean.

The estimated cost of the Pan-American railroad is \$250,000,000, and the estimated length is 10,000 miles.

### SNARES FOR INNOCENSE.

We are very glad to impress our brothers of the country press with the very great dangers that lie in wait for the multitude of young girls that are flocking to our cities—especially St. Louis and notably at this time. The country press is a tremendous power for good, and if they would keep this matter before their readers, constantly warning all as to the open door to ruin, many might be saved who else are ruined. The gateway to St. Louis, our great Union Depot, is beset by a thousand snares for unwary feet. And young girls who come through the gates to the mid way, are at once spotted, and if it be possible the snare will be so spread in their path that they can not escape. No girl should come here unless absolutely certain as to her course. The many tempting advertisements are often mere baits for ignorance and innocence. And if she comes to the city ready to enter the first carriage whose driver proposes to take her to a good boarding house, or to accept the first situation offered where no experience is required, she may as well bid adieu to innocence and hope when she leaves her home. And as a matter of course the young man is almost equally exposed so far as moral or even physical safety is concerned. If the country papers will only keep these things before their readers they will serve God and humanity.—St. Louis Christian Advocate.

## A WHITE FAWN.

The St. Paul, Minn., correspondent of the New York Sun writes as follows:

"A beautiful white deer, a pure albino, was captured a few days ago near Chippawa Falls, Wis., by Charles Liddle. It is the only one known in the Western States. Mr. Liddle was surveying at the time when the fawn, for it was yet young, ran through the underbrush and fell at his feet exhausted. A moment later a timber wolf appeared in pursuit of the fawn. Mr. Liddle drove the wolf away with a club and took the fawn to his farm. Permission has since been received from the game warden to keep it.

Woodmen in Northern Minnesota report that during the summer they had seen at various times a white moose, and on each occasion it had been accompanied by seven other moose. The animal is young, according to reports and from the distance seen appeared to be a male. It is feared that hunting parties will try to kill this animal for the hide.

### More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliably remedy is immediately employed. There nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels malarial germs. Only 50c and satisfaction guaranteed by Woods & Co., Druggist.

### VIRGINIA DISMAL SWAMP.

The Richmond, Va., Times-Dispatch says:

Progress is an iconoclast and obliterates old landmarks without mercy. The Dismal Swamp of Virginia is one of the natural curiosities, and the Lake of the Dismal Swamp has been the subject of song. But the water from the lake has been largely drawn off for commercial purposes and now we are told that the Ohio capitalists and farmers who recently purchased twenty thousand acres of land in the heart of the swamp are rapidly cutting the timber away and draining the lands and putting them in arable condition. The dismal swamp is doomed. It will not be many years before the morass which from time immemorial has been the home of bear and deer and other wild animals, will be the home of prosperous settlers. We old fogies necessarily feel a sense of sorrow in the passing of the Dismal Swamp. But there is no sentiment in progress.

### Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by Woods & Co., Druggist. Price 50c and \$1. Trial bottles free.

### RICH CATCH.

Shelbyville, Ind., Sept 2.—The Joseph family and Mrs R. W. Davis, the merchant, drove to Brandywine to spend the day picnicking. It was necessary to cross Blue river at Warblesford. They forded the stream and when near the middle of the river the water ran over their carriage. Mrs Davis had a small satchel containing nearly \$1,000 worth of diamonds, which, unobserved, was washed into the river. When she discovered her loss she offered a reward for its return. Many searched for the treasure without success, and yesterday Wm. Blackledge, a farmer, while fishing six miles below discovered it in a drift and brought it to the city and received the one hundred dollars reward.

### A SNAKE STORY.

Our old friend Squire Harpending, sends the following from New Salem:

Two of our mining men, John Harpending and George Hurley, met with a mishap last week that scared them out of growing any more the remainder of their natural lives. They descended into a cave on the White property where Harpending is mining, for the purpose of obtaining some drinking water, a creek running at the bottom of a 40 foot hole, which had to be descended on a ladder; they went down, filled their kegs and started to make the ascent. Harpending carrying the lantern and Hurley the water. A huge snake had taken advantage of the ladder to go down and get him a drink of water, and while the men were filling their keg Mr Snake started out unknown to the men. When nearly half way up Harpending put his hand on the reptile and by the light of his lantern saw what kind of a neighbor he had; he said not a word but let all holts go and knocked Hurley, keg and all to the bottom. The men escaped without any broken bones, but to their dying day they will never forget that cave and that snake.

### Spring Ailments.

There is an aching and tired feeling, the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything and a feeling that the whole body and mind needs toning up. The trouble is that during the winter there has been an accumulation of waste matter in the system. Herbine will relieve it, secure to the secretions a right exit and by its tonic effect fully restore the wasted tissue and give you strength instead of weakness; 50 cents at Woods & Co's.

### NOTICE.

All old soldiers and friends are requested to be at Pleasant Grove church, near Sheridan, on Saturday, Sept. 26, 1903, to decorate the grave of Comrade Abe Millikan and other comrades. Comrade Johnson will preach the funeral of Comrade Millikan. Everybody invited to attend. Be there by 10 o'clock sharp.

Floral committee:—Miss Ida Bebout, Mrs. J. F. Snyder, Mrs. Jas. Millikan.

### The Pleasure of Eating

Persons suffering from indigestion, dyspepsia or other stomach trouble will find that Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. This remedy is a never failing cure for indigestion and dyspepsia and all complaints affecting the glands or membranes of the stomach or digestive tract. When you take Kodol Dyspepsia Cure everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues. Sold by all druggists.

In answer to a query, "How can you tell a female chicken from a male when it is newly hatched?" a farmer says: "Place a lighted lamp on the table, also some bread crumbs; if he eats it he is a male and if she eats it is a female." The same farmer said: "When you want to tell a bad egg, break it gently."

## SEASONABLE RECEIPTS.

### FOR LUNCHEON IN THE WOODS.

For a basket picnic when a day is to be spent in the park or country, nothing is dancier or more delicious than a sandwich with a filling made from cooked and uncooked fruit. Thin slices of bread spread with a paste made of ripe mashed bananas and plum jelly are fit to be offered to a king.

For those who delight to satisfy the palate with bread and cheese, a delicious sandwich is composed of rye bread and Neufchatel cheese. The latter should be moistened with cream and this should have well mixed into it a quantity of pounded pecan kernels, seasoned with pepper and salt.

When a more substantial sandwich is needed, and this is always necessary when small people are on the jaunt, the remnants of a cold boiled ham and roast veal may be used. These meats should be chopped fine and moistened with a little fresh cream, into which has been put a hard boiled egg. After this has been thoroughly seasoned it should be placed between thickly buttered bread.

### SWEET PICKLED SECKEL PEARS.

Prepare a syrup of one and three quarter pounds of granulated sugar and one pound of pure cider vinegar, a dozen whole cloves, two dozen allspice, two tablespoonfuls of stick cinnamon, broken into small pieces, three blades of mace, and a two inch piece of dried ginger root. Tie spices in a piece of cheese cloth and boil in syrup fifteen minutes. Select perfect and uniform sized Seckel pears. Pare, but do not remove stems. Put into the syrup as many pears as will be well covered, let boil gently until the fruit looks transparent drain fruit from syrup, put into glass jars. Let syrup boil up but once and then strain over the fruit and seal.

### THE JUICE OF THE FRAGRANT GRAPE.

The Department of Agriculture has called attention to unfermented grape juice, as a nourishing, as well as healthful beverage. With chopped ice and the beaten white of egg, two tablespoonfuls of the juice makes a drink to rival the worldly and more dangerous egg nog. A little lemon juice gives a tang to the rather sweet juice and may be used with good results.

### TO CLEAN ENAMELED SHOES.

Enameled shoes can be kept in good condition by washing them in sweet milk. All dust and mud should first be removed, then the shoes should be thoroughly washed with the milk and then wiped dry with a soft cloth. This will give them a polish almost equal to new and will help them to retain their smart appearance for a long time.

### WHIPPED CREAM.

Whipped cream, that will keep for several days, is worth trying. More wine, sugar and cream may be added if desired when re-whipping. Put together one pint of rich cream, sweet or sour, half a cup of milk, the juice of one lemon, four round tablespoonfuls of powdered sugar, and a glass of sherry. Then whip with a broad egg beater, keeping the dish in a pan of ice. Heap up in a glass dish and serve with berries or peaches.

### ORANGE HONEY.

Mix together the juice of three oranges and the grated rind of one, a small cupful of sugar, a tablespoonful of butter and the well beaten yolks of two eggs. Cook over a slow fire, stirring constantly until about as thick as honey. serve cold. This is excellent with fritters, all kinds of warm bread, and griddle cakes.

### Kentucky News.

Lang Bros., Druggists, Paducah, Ky., write: "We sell more of Dr. Mendenhall's Chill and Fever Cure than all other remedies combined, having retailed over 700 bottles in one season. The physicians here prescribe it and persons who use it once will have no other." Children like it.

## NEWS FROM THE STATE OF LIVINGSTON.

### CHURCH DEDICATION AT CARRSVILLE

Our house of worship was dedicated here August 30th. J. Shelby Rice of Cave-in-Rock, Ill., did the preaching, assisted by C. S. Taylor, of Rock Creek Hills. The sum of \$200 was due on the house which was provided for, and the house dedicated to the Lord's service. The choir from the Presbyterian church at this place furnished the music for the occasion, for which they have our heartfelt thanks. Also the ladies of Carrsville and vicinity have our thanks for the sumptuous dinner that was spread in the grove for the occasion, and may the good Lord's blessings rest richly upon all who have helped us in the completion of this work, and may they realize the blessedness of giving. Too much can be said in praise of David Ellis, of his untiring energy in soliciting means and giving for the building.

Bro. Rowe is very greatly beloved by this people. It was a great day for Carrsville, and the church is happy and will evidently do a greater work for the Master.

J. C. Barnett.  
Carrsville, Ky., Sept. 1, 1903.  
HAMPTON, KY.

As we have not seen anything from our little town in several months, it is with pleasure that we now attempt to write some news, and if this letter doesn't find its way to the waste basket, perhaps we may be heard from again.

Our little town is now in need of a street sprinkler, as all we can see is dust.

Quite a number of our people

attended the dedication of the Christian church at Carrsville last Sunday and all enjoyed themselves.

Joe Hall and daughter Mattie, left for Coultersville, Ill., where they will reside in future. We regret very much to lose such people, but we know that Hampton's loss is Coultersville's gain.

Miller Nelson left for Bowling Green last Sunday, where he will attend Cherry Bros. school.

Dr. E. B. Hardin is in Carrsville this week, practicing his profession.

Mrs. Freeman Scott has moved from Paducah to our town.

Our school begun Monday, with good attendance, Prof. W. C. Canterbury the principal and Miss Lillian Love Assistant.

Miss Inez Nelson is visiting Miss Fannie Rutter of Carrsville this week.

Miss Hamlin, of New Orleans, is the guest of Mrs. E. L. Wooten this week.

J. Trace Hardin attended meeting at Dyers Hill last Sunday.

Forest Hardy and son Lee, and T. J. Faulkner, Misses Mahans and Nelson, attended Hurricane camp meeting.

Miss Bernice Akers is still with us; we are glad indeed to have our friends visit us, and think Dr. Davenport is more than glad to have Miss Akers here.

Miss Hallie Perryman is confined to her bed with fever.

Jinnie Asabrook will leave in a few days for St. Louis, where she will purchase a stock of millinery goods.

### OUR OLLIE.

"Gee, ain't he a boss?" is what the delegate from New York exclaimed when he saw Ollie James leading the grand march in honor of William Jennings Bryan at that exciting moment of the Chicago convention of 1896. In those days all Ollie wanted was the nomination for congress—some day. That some day has arrived, and the big fellow from the First district will lend his presence to the next session of the National Legislature. Mr. James is a born politician, and is never happier than when on the stump fighting the battles of his party. With the opening of the campaign he will be found in the forefront and where the mercury rises highest. Perseverance will flow from his copious person, flow in streams, but it has flowed in equal volume every speaking season since this ponderous piece of humanity was able to mount a stump. Mr. James started his political career as a page in the legislature, I believe, and the gifts of magnitude and

baldness coming at an early age, he was given responsibility that usually went to older men. His friends are looking for him to make a fine record in congress. One thing is certain—he will be everlastingly hustling for all his district is entitled to.

THE ONLOOKER.

### CROFTON'S NEW BANK.

The stockholders of the Crofton Bank held a meeting for organization Tuesday and the following board of directors was chosen:

A. B. Croft, O. A. West, J. M. Bellin, J. V. Crabtree, T. J. Tate, D. T. Craver and John B. Brown.

The directory in turn elected A. B. Croft president and A. O. West vice president. The cashier has not yet been chosen.

The bank expects to be ready to open for business by January 1st, 1904.

A. B. Croft mentioned is a cousin of Mrs. Dr. Dixon, of Madison, and her sisters and brothers of this county.

### World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system, and restores them to the health, vigor, and elasticity of spirits natural to childhood; 25c at Woods & Co's.

### THE PEOPLE WHO WIN.

The people who win their way into the innermost recesses of others' hearts, are not usually the most brilliant and gifted, but those who have sympathy, patience, self forgetfulness, and that indefinable faculty of eliciting the better nature of others. Most of us know others who have appealed to us that way. We have many friends who are more beautiful and gifted but there is not one of them whose companionship we enjoy better than that of the plain faced man or woman who never makes a witty or profound remark, but whose quality of human goodness makes up every deficiency.

### MISSED THEIR TRAIN.

Chicago, Sept. 2.—Mr. and Mrs. James Dressier, of Indianapolis, recently wedded and now in the last stages of their honeymoon trip, did not catch the 3:50 p. m. train home yesterday. The habitues of the Stratford hotel who chanced to be lounging about the corridors of that hostelry at 3:30 did catch sight of a breathless, pretty young woman, stylishly gowned, but minus shoes and stockings, making a hurried advance on the clerk's desk. It all happened this way:

The Dressiers arranged to go home yesterday afternoon. Dressier hurried out, secured an expressman and returned to the hotel for their baggage. Mrs. Dressier was not in the room, and the only articles unpacked were a dainty pair of high-heeled shoes and a pair of clocked stockings.

The young husband hustled the articles into a trunk and accompanied the expressman to the elevator.

Just then Mrs. Dressier appeared and found shoes, stockings, trunk and husband gone. Then ensued a hurried flight to the clerk's desk. Dressier covered the course ten minutes later, but they missed the train.

### Stomach Trouble.

"I have been troubled with my stomach for the past four years," says Dr. L. Beach, of Clover Nook Farm, Greenfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by Woods & Co.

### CARD OF THANKS.

We the Undersigned wish to extend our sincere thanks to the ladies who furnished cakes, cream, etc., for the supper served in the court yard, on the 28th and 29th of August, for the benefit of the company.

We thank the business men who contributed so liberally, and indeed thank all who assisted on this occasion by helping work, by patronage, or otherwise manifested an interest.

It was after many long talks and a suggestion of devices, before the committee could conclude how money could possibly be raised; therefore we are very, very glad to know that Marion's best people are ever ready to support us in this undertaking of beautifying the cemetery. As we have made a good commencement in collecting finances for this work, we trust we shall have your aid until the same is completed.

If there is anything that is misplaced or has not been sent home, that was used at said supper, call on the committee.

Mr. and Mrs. J. F. Dodge,  
Mrs. M. T. Robinson,  
Mrs. Nina Howerton,  
Mrs. Mattie Wheeler,  
Mrs. Jennie Dorr,  
Misses Cora Clark and Ada Robinson.

### It Saved His Leg

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Woods & Co.

A few evenings since a Manchester gallant took his best girl out for a ride, says the Vanceburg Sun. She fell out of the buggy and he drove two miles before he discovered that she was missing. The stupid fellow; he must have been dreaming. When we were a lover the hind wheels might come off, the spring break or the horse fall out of the shafts without our knowing it, but the girl was always safely anchored.—Fulton Leader.

For a bilious attack take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. Sold by Woods & Co.

### Wonders of the Field and Farm.

#### LONG RADISH.

Charles Enoch has presented us with a radish eighteen inches long and eight inches in circumference, which he raised in his garden.—Paris Democrat.

#### SIX ON ONE TWIG.

Mr. John Tichenor, of Murray's Run, showed the Record an unusual cluster of apples. On one twig there were six of them in a space of not over seven inches, and they were so close together that every apple was in contact with at least one other. The six apples weighed nearly three pounds, and are thought to be of the Virginia red-stripe variety.—Nelson County Record.

#### CORN GROWS ON TREES.

A farmer in the Knottsville country, when asked about the crops, said he never saw such corn growing as there is in his neighborhood this year. "You wouldn't believe it," he said, "but on my place it is actually growing on trees." The statement was accepted as a playful exaggeration, but the joker has made it good. In a tree thirty feet from the ground a stalk of corn came up from a grain dropped by a bird or squirrel. The farmer saw it, and he hunted up two or three more holes in trees and planted corn in them. The stalks are vigorous and present a unique appearance, besides furnishing proof of an extravagant story.—Owensboro Inquirer.

#### FINE PEACH.

W. C. Wilson brought to this office a peach of the plum variety which measured eleven and one-half inches in circumference. It was a beauty, and we would be glad to know if any one in the county can beat it in size.—Uniontown Telegram.

#### BIG APPLES.

Mr. L. L. Nichols, of near the city, has the largest apples we have seen this season. He brought to the Kentuckian office some samples of his crop that weighed eleven ounces each. They were of the Fillbasket variety and are certainly well named. It takes very few

of them to fill a basket.—Hopkinsville Kentuckian.

#### HARD TO BEAT.

John W. Wallace presented the News with a beet that is hard to beat this early in the season. It weighed four pounds.—Carrollton News.

#### THEY ARE WHOPPERS.

A tomato and an Irish potato, both of unusual size, can be seen at the News office. The tomato weighs two pounds and was raised by John Dean in his tomato field below town. The Irish potato weighs forty-four ounces, and was raised by O. B. Mattingly, of this city.—Breckinridge News.

#### PRODUCTIVE GOURD VINE.

Col. Robert Kendall, of this city, has a remarkable gourd vine in his yard. On that vine are now swinging seventeen long gourds and the prospects are for about seventy-seven. Those who enjoy a gourd vine drink should put in their application at once.—Todd County Progress.

#### LATE STRAWBERRIES.

Mrs. L. E. Bacon gave a luncheon to several of her younger friends. One of the delicacies served were home grown strawberries which were furnished by Mr. Dick Brashear.—Bowling Green Times-Journal.

#### BIG PEACH.

Mr. S. C. Pollard has a small peach tree in his yard on Fifth street that sprug up from a seed which was supposed to have been thrown there some years ago. The fruit this season is the first the tree has borne, and a sample which Mr. Pollard had was a very fine specimen of the fruit. It weighed about a half-pound.—Danville Advocate.

#### FREAK CORN.

Mr. Samuel Shelton, of this county, showed the Advocate an ear of corn that had grown on the extreme end of the tassel. The ear was about five inches in length and fully developed. This is the first of the kind we have ever seen.—Danville Advocate.

Purse proud people, or people who pride themselves on their ancestry, are likely to make fools of themselves. To the people at large it is of little consequence whether they are millionaires or the offspring of some great man; what concerns them is their conduct, and whether their wealth and wisdom adds to the welfare of the masses.—Cal. Times.

Miss Sallie Bourland, at Hardin, Ky., has in her possession probably the oldest chair in Kentucky. It has been in her and her father's family for 140 years, and is in a good state of preservation yet. She also has a churn stick that has been used 49 years.—Calaway Times.

### Owes His Life to a Neighbors Kindness.

Mr. D. P. Daughtrey, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. ### The Press.

S. M. JENKINS, Publisher.

OBITUARIES:—Not exceeding 10 lines will be published free of charge. All over 10 lines at 5 cents per line. RESOLUTIONS OF RESPECT:—\$1.00

The main streets of the city were cleared of weeds and rubbish this week. Our marshal keeps the jail birds busy and the streets clean, for which all should be thankful.

The PRESS office is crowded with job work and advertising. The engine which has run the PRESS will soon be displaced, and an electric motor and storage battery installed to pull the machinery, as more power has been needed for some time. Had Mr. Walker not contemplated selling out he would probably have bought a heavy engine last spring.

Nothing gives a stranger a good opinion of a town or city quicker than the hotel. Hotels play an important part in colonizing the world. People will actually locate in a town sometimes because a good supper put him in good humor with the place and all the world.

How many of us remember the pleasures we have had at good hotels. How many of us remember places we have stopped that we never want to visit again, all on a count of the hotel.

The Marion Hotel is being run now in a way that makes friends for the city. It is cleanly, tidy and has all the refinement and restful atmosphere one finds in their own home. The genial landlord struck the keynote when he engaged Mrs. Williams as the hostess, and together they have set an example which all the hotels on the I. C. might well imitate.

We bid you welcome. All roads lead to Marion next Monday. Like ancient Rome it stands as the center upon which all eyes are turned. County court day in September has always been a busy day for Marion. Busy for the merchants. Busy for the sheriff. Busy for everybody.

This one will be no exception unless it exceeds all its predecessors. Marion is on the move. Buildings are going upon every hand; our houses are all full; not a vacant house for residence or business to be had. Many of our best people want houses and can't get them. Our merchants in every branch of trade are prosperous. Business has exceeded all previous records. Everybody is happy. Everybody's bank account is growing. In fact we are pleased with the work. Come, and we bid you welcome. Talk with our business men and look through their up-to-date stocks; and by the way, note our new crossings and metaled streets, handsome homes, many of which are new, and splendid schools and churches.

Marion is the best town in this end of the state. So come and see us and make yourself at home.

The State committee on the constitutional amendment have done themselves and the state credit in appointing our fellow townsman, P. S. Maxwell a member of said committee. The importance of this measure can not be overestimated, as it means much in the development and prosperity of the state. Mr. Maxwell is recognized as one of the most progressive men in this section of the state, and always lends his aid—in energy, talents and money—to anything which will advance the welfare of the community in which he lives. Such men are needed in the constitutional convention, broad minded and of sufficient acumen to see into the future and realize what benefit may accrue from this or that measure to the citizens of this great commonwealth. To stimulate all branches of commerce, to invite and encourage investment of outside capital and to make the laws so as to reach such ends is the prime object, and no man could have been named in Crittenden county, or in the state, for that matter, who is better equipped by nature and experience for the place. Our hat is off to the new committee-man.

### September a Month of Pleasure.

In September we feel more or less careless. Summer is gone, and with it all of our best summer "fixings," or at least we have lost pride in them, and it's just the interesting time of selecting new for the cooler months which are soon to come. With delightfully cool nights and still no frosts—September is indeed a month one enjoys if it would just rain.

### New Firm at the Bowling Alley.

C. C. Taylor & Co. have bought the bowling alley from Mr. C. J. Haury, Jr., and will keep the place up to the standard established by the late owner. Since Mr. Haury took charge and added to it, the bowling alley has been one of the chief attractions for the young folks. The new firm is composed of C. C. Taylor, Ollie Tucker, R. F. Haynes, who are among our best business men.

### FIRE NEAR KELSEY.

On Monday morning last, about 9 o'clock, the house of Mr. John Campbell caught fire 4 miles south of Kelsey, in Lyon county, near Free Betty ford.

The fire caught from the kitchen floor. No one was at home but Mrs. Campbell and her daughter. All they saved was four feather beds and an organ. Loss about \$1600, insurance said to be about \$1200.

### POLICE COURT ITEMS.

Charles Mills was before the court for drunk and disorderly conduct, and was fined \$9.75 in each case—total \$19.50.

Eugene Miles was before the police court for plain drunk. Fine and costs \$9.75.

### ATHLETIC CLUB MEETS

The Girls Athletic Club met with Misses Haynes on Salem street Tuesday evening of last week. Those present were Misses Ellis Gray, Annie Williams, Lavine Woods, May Yates, Ina Price, Willie Croft, Hilda Schwab, Pearl Doss, Irabelle Carliss, Mildred Haynes, Gustava Haynes, Estelle Walker, Robbie and Majorie Loving, and Messrs. Jamie Key, Virgil Moore, Gray Rochester, Ernest Carnahan, Henry Haynes, Kearney Blue, Chastain Haynes, Cleve Wolf. Icees were served from rustic tables on the lawn, and many games were engaged in. Songs and much sweet music added to enjoyment of those present, altogether a most delightful evening was spent at this hospitable home.

### TO OPEN CAMPAIGN AT SALEM

The Democrats of Livingston and Crittenden counties are planning for a big rally and love feast at Salem on Saturday, Sept. 26. At that time the Executive and Campaign committees of the two counties will meet for a business session and there in the good old town of Salem the campaign will be opened and grow warmer until the polls close Nov. 3rd.

Chairman Landrum will issue a call for the campaign committee to meet at Salem on that day and a similar call will be made to the county executive committee by Chairman Reed. The district and county nominees will be there also.

Good speakers will be secured for the day and the Smithland Cornet Band will furnish the music. The day will be made one of the grandest of the campaign and Democrats from every section of Livingston and Crittenden will be there.

Chairman Maxwell of the Crittenden county executive committee will be present with his executive and campaign committees to co-operate with our Democrats in the work of the campaign.

Such speakers as O. M. James, C. C. Grassham and probably some of the State nominees will be there. Smithland Banner.

### SCHOOL PATRONS ATTENTION

Marion Graded School begins work next Monday morning at 8:45 a. m. We especially request parents to remember that it serves the best interests of home, child and school to send the child in the first day. Our regulation is, therefore, that any child not entering the first day, without reasonable excuse, will not be accredited the standing that otherwise might be obtained. We wish to commend the homes of Marion School district for the respect they have shown in the past for their children's punctual attendance. That is what tells for strength. Please keep it up. Anybody desiring to see school open Monday morning, come over.

### WEATHER INDICATIONS.

Showers and cool tonight.

### ANOTHER BURGLARY.

Marion is getting quite metropolitan in the line of burglaries as well as every thing else. Last Monday night a thief prized iron bars off of the back door of Eberle, Hardin & Co's saloon and entered. He secured \$107.00 which was left in the store. No arrest has been made but probably will be as the party is spotted and being watched.

### OUR SICK

Senator Deboe is still confined at his home with inflammatory rheumatism, but is improving.

S. S. Carrick has hay fever again, and is suffering considerable this dry hot weather.

James Hicklin, the enterprising laundryman and agent for the Courier Journal, has intermittent fever.

### TO MY FRIENDS.

I have purchased the millinery establishment of Mrs. John T. Franks, and will continue the business at the old stand, and will be pleased to have my friends and Mrs. Franks' patrons to call and see me. Mrs. Franks will remain with me for a few weeks. My new fall stock will arrive in a few days, and I have engaged the services of an experienced trimmer and I believe that I can please you in anything in the millinery line.

Mrs. R. A. Moore.

### FIELDING BRANTLEY DEAD

Uncle Field Brantley died at the residence of his daughter, Mrs. Doc Guess east of town, last Friday, Sept. 4, 1903. He has been in bad health for months, having been stricken with paralysis from which he never recovered. He leaves a widow, Mrs. Catharine Brantley and three children—Gus Brantley, Mrs. Mary Guess and Mrs. Hugh Alice McConnell. Mr. Brantley was one of our best citizens and a man much liked. No better known man lived in the county. He was born Nov. 9, 1825, and was therefore in his 78th year. His family has the sympathy of the Press.

### MONUMENT UNVEILED

Last Sunday afternoon in the presence of about 150 Woodmen of the World and an audience of several hundred people the beautiful monument to the memory of W. T. Carliss was unveiled.

Marion band furnished the music and representatives from lodges at Blackford, Fredonia, Princeton, Dawson, Honkinsville and Madisonville were present to assist Rosewood Camp No. 22, of Marion in the services.

The monument was draped with the U. S. flag and the grave covered with flowers. J. W. Brewer, State organizer of W. O. W., was master of ceremonies. The service was very impressive and was witnessed by about five hundred people. The band led the procession from the Masonic hall to the cemetery.

The recitation by Miss Leaffa Wilborn, "O Why Should the Spirit of Mortal be Proud?" was appropriate and much appreciated.

### A BOWLING PARTY.

Monday night the young folks contested again for honors at the bowling alley. Miss Virgie Nunn carried off the honor, scoring 89 points. Miss Leaffa Wilborn lead the Marion girls, scoring 71, and that too, in her first game.

The two clubs were led by Messrs. Joe Ben Champion and Myrtle McCord respectively. The former's club was composed of Misses Mamie Hubbard, Nell Thomas, Nell Cossitt and Messrs. Maury Nunn, Lottie Gilbert and Kay Keil score 439.

The latter's club was composed of Misses Virgie Nunn, Leaffa Wilborn, Ma bel Guess, Ida Hill, and Messrs. Healy Cochran and Ernest Carnahan, score 486.

A most delightful evening was spent.

Rev. J. F. Price will go to Missouri the last of this week to dedicate a church next Sunday at Anniston. His wife expects to go with him and visit her brother, E. G. Stewart, formerly of this county, but now a resident of Anniston.

Rev. T. A. Conway returned Monday from Wheatcroft.

The church and community about old Cookville have just enjoyed one of the best revivals in its history. The services continued twelve days—9 a. m. and 7 p. m. No night services. There were about twenty-five professions of faith and twenty-six baptisms, and the church greatly strengthened. The pastor was assisted in the preaching by Elder M. E. Miller, of Fredonia, whose faithful preaching of the word delighted and edified the large congregations that gathered from day to day. R. A. LaRue.

The exercises were unusually pleasant. Each feature was looked after by the youthful enthusiasts in a commendable way. The president's speech was especially noteworthy and will be published in full in next week's paper. Mr. Jenkins presided at the organ. After short notice was given the hymns and songs were beautiful.

### Little Folks' Corner.

For Children Under 12

Last week just as we went to press and after the children's department was printed, Miss Matzenbarger brought in the only correct answer received. We concluded it would be only fair to give her the prize altho her answer was two days late.

Correct answers received this week were from:

Tom Boston, Marion, "Neither's best"  
Mary Coffield, " " " "  
Audrey Cannon, " " " "  
Vernie Coffield, " " " "  
Grace Moore, " " " "  
Vera McCord, " " " "  
Edna Schoolecraft, " " " "  
Myra Dixon, " " " "  
Gleam Carter, Levia, " " " "  
Lesta Pryor, Salem, " " " "  
Nona Hard, Frances, " " " "

GOOD ANSWERS BUT NOT CORRECT.

Maudie Watkins answer was spoiled, "Because they both go over a talking machine."

Nonie Dollins, Tribune, "Because both are light and airy."

Rene Lay, Hampton, "Because they are both on ahead."

Puzzle for today, answers to be opened and winner named by Mr. G. C. Gray next Monday morning at 9 o'clock. He has answer now in sealed envelope. A man in jail was asked who the man was that called to see him and he replied, "Brothers and sisters have I none, but that man's father is my father's son." What relation was the visitor to the prisoner?

The winner last Monday was Miss Mary Coffield, Marion, as her name was drawn in sealed envelope from the lot by Mr. Gus Taylor.

### THE LITTLE DOVE.

Once upon a time there was a little boy whose name was John. He had a white dove and he thought very much of it. He would write a letter and give it to the dove and start it out. One day he went to see his aunt Lizzie. The next day after he got there he wrote a letter to his mama and gave it to the dove and started it out. There were some black clouds in the sky. Just then his aunt came in and said, John, you must not send your dove out today, it's going to storm. John said, I have already sent it out. John started home on the evening train. When he got there he asked his mother if she had seen anything of his dove. His mother shook her head and said no. John was very sad; many times he went out and looked in the sky but the dove was not to be seen. Late in the evening he went out and looked up in the sky, and saw his dove. He held out his finger and the dove flew right to him. He was so glad to see it that he cried and a tear fell on its back. He took it in the house and gave it its supper and put it on its perch. And then he went to bed himself and his mother heard no more from him or the dove till morning.

We have ten barrels of the home made whiskey made in Marion, in bond, \$2.25 per gallon; as good as any on the market. Doss.

R. C. Walker and J. T. Franks left Tuesday morning for Denver, Colorado. They took the northern route going via Evansville.

Doss still sells the "Cold Spring" whiskey. It's fine to kill malarial in hot weather, and is good to have on hand for snake bite.

Mr. E. E. Donina, of Banesville, O., was registered at the Gill House last week. He has a contract to drill a well six hundred feet deep for Mr. E. J. Hayward.

We laundry anything from a lace handkerchief to a circus tent, and prices are no higher than others altho our work excels all. Kearney Blue.

Ed Flanary has moved in and is occupying his residence on Salem street. So much for a good and well administered city government and good school.

The great Omaha Packing Co., have never been excelled on meats. Our sweet juicy hams and breakfast bacon are appetizing and delicious. A. M. Gilbert.

The Masons have contracted with the Electric Light Co., to light their hall. The A. O. U. W. and W. O. W. use this hall also and they will all appreciate the convenience.

Miss Verna Pickens, daughter of the popular salesman, returned from Princeton Saturday. She has had quite a pleasant visit there and also at Dawson and Curiean Springs.

J. O. Brown, of Tolu, one of the Master Masons of his section, was here Saturday, and Saturday night attended the lodge and assisted in some important rites.

Coffee with some people is a fad. They just simply have to have it and want it good. We are looking for just such people, because we can please them. The up. Gilbert.

Dr. J. T. Gilbert, of Princeton, will be compelled to discontinue his visits here for a few weeks, as his practice at home and at Dawson is keeping him on the jump.

"J. B. T." stands for J. B. Thomson, the peer of any lawyer Kentucky ever produced. It also stands for Doss' standard liquor. The best produced in the Blue Grass State.

Misses Ebbie Pickens and Annie Dorr were the guests this week of Mrs. Rebecca Wallace of Sturgis. Mrs. Wallace is a sister of our townsmen, R. E. Pickens.

The Edgewood distillery is located in the edge of a cool woodland, and from nature's purest fountain is the highest type of spirits distilled, pure as spring water and 100 test. See Doss.

Mr. and Mrs. R. L. Orme are now located at the Lee House, Oklahoma City, Okla. Lee has a traveling position in that country and makes headquarters at the Lee House.

T. H. Cossitt, the Dentist, is still making first class and best artificial teeth that fit perfectly at very reasonable prices. If you need new teeth or other dental work it will pay you to call on him. Office over Gilbert's grocery, Marion, Ky.

Mr. David Woods, the Bellville street banker has ordered electric lights put in this month, and as soon as the electricians can reach it this home will be equipped with this greatest modern convenience.

Anyone wishing any article in Diamonds or Jewelry of any description should not fail to call. Anything you want for the Holidays you can get it now. You are cordially invited to call.

Jeweler | Levi Cook | Marion, Ky.

Miss Ina Price is spending this week at Dawson.

The Hill Springs all tanned and brown have returned to the city.

Mrs. H. H. Sayre and children have returned from their vacation trip down east.

Misses Narcissa and Virginia Nunn left Tuesday for their home in Frankfort.

Clarence Black is at his post again. He is looking pale but says he is gaining strength rapidly.

Mr. and Mrs. Sydney Dapuy have returned from their vacation on the Virginia coast and in North Carolina mountains.

L. O. Lowery broke one of his ribs while scuffling with Dick Crowe last week. He is getting along O. K. and will soon be able to drill wells again.

Miss Lillie Cook, of Paducah, came Friday and spent several days with her sister, Mrs. Tom Clifton. Miss Lillie has many friends in Marion.

Dr. J. W. Crawford, one of Marion's old citizens is here visiting his son-in-law A. M. Gilbert. Father time has dealt kindly with Dr. Crawford, for he is still the ruddy, healthy looking and jolly gentleman of old.

Miss Ruby James returned to her home last week after an absence of several months in Iowa at the home of her sister, Mrs. L. H. Ford. Flora James, who died recently. Miss Ruby brought her sister's two children, Lemuel and Ada, who will spend two months here with their grand parents.

The Hopkinsville Kentuckian says: It is the universal opinion that the institute just closed is the best ever held in the county. Prof. Evans gave much satisfaction as instructor. Prof. Evans led in the class on language. He also delivered a fine address on "Educational Principle," and a public lecture the closing night.

Dr. Jas. H. Orme, as announced last week, is in the drug business again, having purchased half interest in Woods & Co. drugstore. He extends a cordial invitation to his friends, and they are numerous throughout the county, to call and see him. His ability as a druggist is well known, and his courteous treatment of all with whom he comes in contact has won for him an enviable reputation as a business man.

Ed Farmer, the superintendent of machinery and engineer in chief at Blue & Nunn's mines, died last Saturday of typhoid fever. Mr. Farmer had been very low for several weeks and surrendered to the grim monster only after a hard fought battle. He was a good citizen and probably the best engineer in the county. The Press extends sympathy to the family. He was a member of Marion Lodge, No. 60, A. O. U. W. He was never married.

I want your eggs and produce; will pay the highest market price. W. H. Towery.

Knight Templars pendant or badge of gold with enamelled red cross on one side. Lost in Marion. Reward to the finder by D. C. Roberts.

Thanking you for past favors and hoping to see you again, we remain yours to please, HEARIN & SON.

## WITH A LITTLE COLOR.

OLDEST DARKEY IN GEORGIA DEAD.

"Old Uncle Andy Montgomery," the oldest negro in the State of Georgia, and probably the oldest man in the Southern states, died recently at the Old Folks Colored home. He was well known, not only in Atlanta, but throughout the North and East, and had many friends among both white and black. By those in the best position to know, his age was said to be 117.

A BIG "COON."

The biggest negro, physically, that ever visited Evansville was hauled in yesterday by the E. & T. H. The big fellow measured over nine feet, had feet like shoe boxes, and mits the very sight of which would give Jeffries a congestive chill. He was in charge of two other negroes, who were taking him to New Harmony, Ind., as one of the exhibits at the fair. The managers claim he is the largest negro in the world.—Evansville Courier.

Booker Washington tells this story on a negro: He was employed to work in a cotton field, and worked well for a time, then he raised his hand and turned his face towards heaven and said: "Oh Lawd, de cotton am so dry an' de sun am so hot, an' the flesh am so weary dat dis niggah feels dat he's done got a call to preach."

ONE ON OLD HICKORY.

The funeral of Gen. Cassius M. Clay calls to mind a story relating to "Old Hickory" Jackson, whose brave, daring, pig-headed determination to have his own way in everything at any cost, was no more marked than was the same characteristic of Gen. Clay. In one of his recent stories Opie Reed, who is a past master at recounting southern stories says:

"Shortly after Jackson's death two of his slaves were working in the field. One of them remarked: 'Well, Abe, ol' marster's gone.'"

"Yep, done let us."

"Abe, you reken he went to hebban?"

"Well, if he wanted to go dar I doan know who gwine to keep him out."

A NORTHERN VIEW.

The negroes in the field do not look downtrodden nor particularly abused. On the whole they were dressed for their work about as well as the average farm laborer in the North. The presence of women in the cotton fields adds a picturesqueness to the country which one misses at the North because the colored women relieve the blackness of their faces by the radiance of their attire, and there is none so poor as not to have an effective turban or a brilliant apron. The negroes in the fields and along the roadsides is as good natured a peasant as the sun ever shone upon. He is almost childishly happy, and I can vouch for the fact that he does not care to vote. He makes an excellent laborer under supervision, but if left

## MEAT & MALT

THE IDEAL TONIC AND RECONSTRUCTIVE.  
There's Life and Strength in Every Drop  
A scientific combination of the essential  
constituents of PRIME BEEF and  
PURE OLD MALT.

Louisville, Ky., January 22, 1906  
MEAT & MALT CO., Louisville, Ky.  
Gentlemen—Having examined your Meat and Malt preparation, and being thoroughly acquainted with its composition and mode of manufacture, I can state that it is an efficient nerve and blood tonic. It excites the appetite and invigorates digestion, and is especially beneficial in nervous prostration and all diseases attended with debility. Yours truly,  
L. D. EASTENBINE, M. D.,  
Louisville College of Pharmacy.

## Consumption

is robbed of its terrors by the fact that the best medical authorities state that it is a curable disease; and one of the happy things about it is, that its victims rarely ever lose hope.

You know there are all sorts of secret nostrums advertised to cure consumption. Some make absurd claims. We only say that if taken in time and the laws of health are properly observed.

## SCOTT'S EMULSION

will heal the inflammation of the throat and lungs and nourish and strengthen the body so that it can throw off the disease.

We have thousands of testimonials where people claim they have been permanently cured of this malady.

to himself will idle the day away with tranquil complacency.

They are happy and placid, and I honestly believe are the best common laborers in the world, and certainly so for a hot climate. Few of them know how old they are. They can not remember things a few weeks back, their notions of the government are of the vaguest character, they make contracts with the white men without the slightest conception of the meaning and also break these contracts whenever it is to their interest to do so. The ignorance of the field negro is almost incomprehensible to the average Northern man; they are not vicious, and are unmoral rather than immoral.—Chicago Tribune.

A Purgative Pleasure

If you ever took DeWitt's Little Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile with out producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell, Houston, Texas, says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc." Sold by all druggists.

TRIBUTE OF RESPECT

Of Siloam Auxiliary Woman's Foreign Missionary Society.  
Our Society sorrows much to record the death of one of its most faithful and beloved members, Mrs. Sue Moore.

She died on Sunday morning, August 2. A little while before death she said: "It is a beautiful morning; how I should like to go to church." About the time of the ringing of the church bells, calling to worship, God led her through the portals of the heavenly city, and seated her before his throne, where she worships throughout the eternal Sabbath.

Her last illness was lingering and painful, but she now rests for ever in an immortal and incorruptible body.

She was a true christian, filled with the spirit, doing what she could in her quiet, gentle way. Her church will miss her, her Society will miss her, but we trust that "God doeth all things well," and the reasons for these sad dispensations will be revealed to us in his own time.

As a Society, be it—  
Resolved, That we imitate her virtues, and do what we can to fill the vacant place she leaves in the church and in the society. That we will be more faithful and more zealous in the advancement of the work which she loved.

Resolved, That we deeply sympathize with the sorrowing husband and children, praying that God may comfort them in their sad bereavement by his abiding presence.

Resolved, That a copy of the above be sent to the family, one reserved for record in the minutes of our society, and one sent to the Crittenden Press for publication.

## With the Teachers and Educators.

Miss Carrie Moore opened school at Tolu last Monday week. She will board with Mr. Sam Marks family.

Miss Leslie Woods opened her school at Odessa last Monday week. Odessa is on the Shady Grove road in the eastern part of the county. Miss Leslie was fortunate in securing board with Mr. Jas. McConnell, a brother of the popular Marion merchant.

Miss Mary E. Moore, of Marion, has subscribed for the Critic, and she is entitled to cast two votes in the Critic's Most Popular Lady Contest, which we will do for her if she will instruct us who her preference is. She was a teacher in our public school and is remembered kindly by our citizens—Columbus Critic.

INTO WHOSE FACE ARE YOU LOOKING?

Teachers do you ever wonder, as you stand before your school, what the harvest will be? Do you wonder into whose faces you are looking? It was Garfield, I think, who said that he had a profounder reference for a boy than a man. He says when he sees you in complete manhood, he sees all there is of you, but when he meets a boy he can never tell what possibilities are buttoned up beneath that ragged vest. Do you realize that you are looking into the faces of doctors, lawyers, ministers, statesmen, soldiers and men of all professions? Yea, and among them may sit a few criminals. If you only knew what may be and what "might have been." But as it can't be known, the thing to do is to sow good seeds, for as you sow, so will the harvest be.—Hodgenville Herald.

UP IN ARMS.

The teachers of Kansas are up in arms against the rule which is being generally adopted by school boards of the recommendation of the State Board of Education that forbids courting by teachers during school terms. Harvey county teachers at the close of the institute adopted the following resolutions:

"Whereas, our fathers came to Kansas in pursuance of a high and holy desire to establish the institutions of freedom and equality on Kansas soil, be it

"Resolved, that we view with alarm the tendency of school boards of Kansas to adopt harsh and oppressive measures in restriction of our sacred and inalienable rights; that to submit to such tyranny would prove us to be unworthy children of such noble parentage; that a larger per cent of our teachers being marriageable, we urge upon all the necessity of vigorous and unceasing rebellion against this attempt to deprive us of our right to court and be courted."

LIVE NATURAL.

The intellectual life may be kept clean and healthful if man will live the life of nature and not import into his mind difficulties which are none of his. No man need be perplexed in his speculations. Let him do as I say what strictly belongs to him, and though very ignorant of books, his nature shall not yield him any intellectual obstructions and doubts.—Emerson.

Distress After Eating Cured.

Judge W. T. Holland of Greensburg, La., who is well and favorably known, says "Two years ago I suffered greatly from indigestion. After eating great distress would invariably result, lasting for an hour or so and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by all druggists.

Strength and vigor come or good food, duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

## THE BIG STATE FAIR

Will Draw Thousands to Owensboro Sept. 21 to 26.

Twenty thousand dollars in cash premiums and many of the country's best amusement shows free. Low railroad rates.

The biggest State fair ever held south of the Ohio river will be opened at Owensboro, the bustling little Western Kentucky city, on Monday, September 21, lasting throughout the week. Cash premiums amounting to over twenty thousand dollars will be distributed for the best exhibits of agricultural products, mining products and live stock, fowls, pigeons, hares, and the handwork of the women of Kentucky or of other states. There will be the finest free amusement shows that the country affords for fair purposes, including many feats of daring never before seen in this state.

In fact the State Fair will be almost on the proportions of a great exposition, and those who win premiums may well feel proud of the honor, besides the financial benefits derived.

Following are some of the premiums offered:

\$5,400 for Beef Cattle.  
1,600 for Dairy Cattle.  
4,200 for Horses.  
800 for Mules and Jack stock.  
1,200 for Swine.  
1,300 for Sheep.  
1,000 for poultry, Pigeons and Belgian Hares.  
750 for Woman's Department.  
4,000 for other exhibits.

Following are some of the free attractions:

The famous Dr. Carver.  
Broncho John's Wild West.  
High Diving Bicycle's Rider.  
Harnessed Girch Races.  
Horse Racing (no betting).  
Football for State Champions.  
Exhibition of Educated Horses.  
Champion Cake Walker of the World.  
Kurkamp's fine Military Band Concerts.

Daredevil Schryer, the world renowned high diver, will appear every afternoon in his wonderful high dive bicycle act, the first time ever presented in the state. He rides down a steep incline, 60 ft above ground at the lower end, jumps from his wheel, and dives into a shallow tank 103 feet from the base of the chute. This is one of the most thrilling and dangerous feats ever enacted by any person. This attraction alone is worth twice the price of admission to the fair.

## PUBLIC SALE.

I will on Saturday, Sept. 12, 1903, at the late residence of Thomas Crider, 4 miles east of Marion, Ky., near Shady Grove road, offer for sale to the highest and best bidder, the following described property:

2 work horses, 1 mule, 2 young colts, 3 milk cows, 2 with young calves; 13 head of cattle, 1 sow and pigs, 5 tons or more of baled timothy hay. Farming implements of all kinds, hay baler, mower and binder, household and kitchen furniture. Sale begins at 9:30 o'clock, A. M.

Mrs. Sallie Crider.

## AN ACT OF KINDNESS.

For an act of bravery and kindness performed during the civil war Daniel Prime, a negro, living at Easton, Pa., is reported to have been bequeathed \$5,000 by Jonathan Moore, of Jackson, Mich.

Prime was sergeant in Company H, Fifty-fourth regiment of Massachusetts volunteers, the first negro regiment, and Moore was a first lieutenant in the Eleventh Michigan volunteers. Both regiments participated in the recapture of Fort Sumpter. Lieut. Moore had one of his legs shattered and lay bleeding to death, when Prime tore his blouse to pieces, tightly bound the injured leg and carried him to a place of safety.

## Commissioner's Sale.

Crittenden Circuit Court, Kentucky  
R. C. Hill, Plaintiff,  
J. R. Crowell, Defendant.

By virtue of a judgment and order of sale of the Crittenden Circuit Court, rendered at the June term thereof, 1903, in the above cause for the sum of eighty dollars with interest at the rate of 6 per cent per annum from the 2nd day of November, 1901, until paid, and \$20.00 costs herein, I shall proceed to offer for sale at the court house door in Marion to the highest bidder, at PUBLIC AUCTION, on Monday the 14th day of September, 1903, at 10 o'clock, p. m., or as soon thereafter as legal business shall be closed, the following described property, to wit:

One house and lot situated in the town of Weston, Crittenden county, Ky., and the same house and lot now occupied by the defendant, J. R. Crowell.

Or sufficient thereof to produce the sum of money so ordered to be made. For the purchase price the purchaser, with approved security or securities, must execute bond, bearing legal interest from the day of sale until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

J. G. ROCHESTER,  
Commissioner.

## Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

"Mr. S. S. Ball, of Ravenswood, W. Va., says:—'I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby.'"

## CAVE-IN-ROCK, ILL.

Misses Annie Wynn, Maud Paris and Will Wynn and Ernest Paris have returned from an extended visit to relatives near Karbers Ridge.

Most of the schools of this county commenced on the 7th, and most continue at least six months.

Ernest Paris will teach school two miles north of Cave-in-Rock.

Cave-in-Rock draws a large percentage of her trade from Crittenden county and is intensely interested in her neighbor across the river. This is one of the best trading points on the river between Evansville and Paducah. Almost every body have money and pay their bills.

The spar mine four miles north of here has been closed down from some cause. The company left several of the employees "in the soup."

No railroad news yet.

Cave-in-Rock can boast of one of the pluckiest little papers in Southern Illinois. Whatever else may have been said of the editor nobody has ever accused him of being afraid to speak out.

Crittenden county and Hardin county are so close together that they should be better acquainted; then the citizens of one would not be afraid to stay all night within the borders of the other. There are plenty of people in each county who would not feel safe on the soil of the other. This is all wrong. While it is true that there are some differences in the manners and customs of the people on the opposite sides of the Ohio, the people of each section could be improved and enlightened by a better and more intimate acquaintance with those of the other, and in Hardin county, as in the whole state of Kentucky, a few bad men have given her all her bad name. Fortunately for Hardin, however, her lawless element is fast disappearing and law and order prevails everywhere within her.

## Working Overtime.

Eight hour laws are ignored by those careless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, nervousness, constipation, sick headache and all stomach, liver and bowel troubles. Easy, pleasant, safe sure. Only 25c at Woods & Co.

## HUGHEY, LYON COUNTY.

Crops are looking very well considering the dry weather.

Bob Beck was the first to cut tobacco out here.

Several fine calves have recently died here with the black leg. Meeting here every first and third Sunday, with Bro. Miller as pastor.

Rev Cockrel of Missouri is visiting friends here.

Bob Franks passed through here last week in search of a stolen horse, which was taken from Mr. Franks at Hurricane camp ground.

W. J. Woodall is the principal merchant and postmaster here.

Several of the people from our town attended court at Eddyville last week.

Stacey Snook and family are the guests of Capt. W. J. Stone.

Bob Dorroh and wife attended the Association at Pinckneyville.

Mrs. Albert Garner is very low with fever.

Mrs. Elliot Brasher has just recovered from an attack of fever.

Doc Brasher and family of near the iron ore banks, have moved on Walter Young's place.

Protracted meeting began at Glenn's Chapel last Sunday.

Our school progresses finely under care of Mr. Grissom.

## SMOKE

**P. & S. FLYER CIGAR**

## EDDYVILLE, LYON COUNTY.

Circuit court has just closed; it did quite a big business. Sent one negro to the pen for two years. Also quite a number of suits were decided.

J. R. Brinson of near Morganfield, will move here soon; he has been employed principal of our graded school. Miss Helen Grosbun of this place, and Miss Jessie Glenn, of Merion, will be the assistant teachers, and Miss Sarah Edington will be the music teacher.

A negro convict escaped from the prison Saturday night, but was caught about 11 o'clock that night near Duaneby town marshal, Chasley Braswell.

The editor of the Tale of Two Cities is visiting friends in Marshall county.

**His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. L. Little merchant, Hancock, Md. For sale by Woods & Co.

## CRAYNEVILLE.

The crops are drying and the present outlook is most unfavorable.

The following are on the sick list: Mrs. Ward, Will James, little Willie Ordway and Roy Cook.

Marion Babout's mother is visiting them for a few days.

A crowd of young people attended the ice cream supper at Mr. Russell Crayne's last Saturday night and had a delightful time.

They are having a fine meeting at Cookeysville; a large crowd on Sunday and a good meeting.

Miss Ina Hillyard is spending a week with Mrs. Henry Paris and Miss Ada Deboe, and Em Stovall says he was so glad.

H. P. Jacobs attended the Hurricane meeting Sunday.

Vernon Hill and Miss Stella Jacobs went over to Metropolis and to our surprise got married. Mr. Hill is the son of Mrs. Sarah Hill, a very promising, industrious young man. The bride is the daughter of S. P. Jacobs and is a nice, beautiful, intelligent young lady. We congratulate you both in doing so well, and wish you a prosperous and happy life.

Henry Young of Evansville was here last week.

## Genuine vs Counterfeits

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by all druggists.

## MEXICO.

The meeting at Sulphur Spring church continues with much interest; 14 conversions and several anxiously seeking the Lord, with a large attendance, are some of the favorable indications of a grand and glorious meeting. Bro. M. E. Miller of Fredonia is doing the preaching, and is doing it well too.

Courling Harris will complete a 100 foot shaft on the Myers farm for the Hopkinsville mining company; he is getting out good specimens of zinc and lead.

Late corn and tobacco are needing rain very bad in this neighborhood.

Mrs. George Green has the typhoid fever.

J. J. McGee and family visited his relatives in Union county last week.

Our fall school begins Monday, with Mr. Wickers as teacher.

We have no loafers in Mexico.

## DR. FENNER'S KIDNEY and Backache CURE

All diseases of Kidneys, Bladder, Urinary Organs. Also Rheumatism, Backache, Heart Disease, Gravel, Dropsy, Female Troubles.

Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a life time curing just such cases as yours. All consultations Free. "A gravel lodged in my bladder. After using a few bottles of Dr. Fenner's Kidney and Backache Cure I passed a gravel half as large as a marble. The medicine prevented further formations. I was cured." W. T. OAKES, Oriskany, Va. Druggists, 50c. Ask for Cook Book—Free. ST. VITUS' DANCE Sure Cure, Circular, Dr. Fenner, Fredonia, N.Y.

Everybody is busy mining and hauling spar.

Carroll Hodge, of Salem, visited his son, P. R. Hodge last week.

Tom Drennin is all smiles; it's a girl at his house.

Bill Moore of Crider visited his sister, Mrs. Wilson last week.

## Accept No Substitute.

There is nothing just as good for Malaria, Chills and Fever as Dr. Mendenhall's Chill and Fever Cure. Take it as a general tonic and at all time in place of quinine. If it fails to give satisfaction mail the front of the cartoon to J. C. Mendenhall, Evansville, Ind., and get your money back.

## LEVIAS.

Mrs. Jane Settles and Susan LaRue are visiting friends and relatives about Deer Creek.

Mrs. M. E. Brines has returned to her home in Salem, after several weeks stay with her daughter here.

The Keystone Mining company have struck it "rich" at last on the Carter place. It appears to be a fifteen foot vein of spar at a depth of twenty-five feet. They have persevered under rather discouraging prospects and they are to be congratulated now upon their find.

G. W. Eaton is painting his store room and putting in fixtures for selling goods in East Levias.

Old mules are selling here from \$20 to \$75 a piece. Watermelons 5c and 15c.

## You Know What You are Taking

When you take Grove's Tasteless Chili Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No Cure, No Pay. 50c.

## OAK GROVE.

N. W. Jones and family returned home after a weeks visit to relatives in this neighborhood.

Mrs. B. A. Enoch and N. W. Jones went to see Mrs. Nanette Hodges, of Iron Hill, last Sunday, who has been ill for some time.

How about our roads? Are we going to see our magistrates and solicit them to have them worked by taxation, or will we go on in the same old rut and pay almost enough to have them worked good and have no roads either? We are very much in favor of a road tax, because under the present system we go ahead and work from eight to twelve days each year and spend from \$1,000 to \$7,000, and quite a bit of this time you can hardly haul an empty wagon; so let us have a better system.

There will not be a very large wheat crop sowed here this fall.

Born to the wife of Will Mayes a few days ago, a 3 pound boy.

We haven't any school teacher yet. Teachers seem to be scarce.

Good corn, hay and tobacco crop in this neighborhood.

## Investments in Southern Lands.

Such investments are not speculative. The South is not a new country. Market and shipping facilities are adequate and first class. The climate is mild and favorable. Notwithstanding these and other advantages, southern lands are selling for prices far below their real value, and at present prices net large returns on the investment. For a free set of circulars, Nos. 1 to 10, inclusive, concerning the possibilities of lands in Kentucky, West Tennessee, Mississippi and Louisiana, on and near the Illinois Central Railroad, for homeseekers and investors, address the undersigned. F. R. WHEELER, 126 Main St., Evansville, Ind.

## With the Poets and Inventors.

More and more mankind will discover that we have to turn to poetry to interpret life for us, to console us, to sustain us. Without poetry, our science will appear incomplete; and most of what now passes with us for religion and philosophy will be replaced by poetry. For finely and truly does Wordsworth call poetry "the impassioned expression which is in the countenance of all science"; and what is a countenance without its expression? Again, Wordsworth finely and truly calls poetry "the breath and finer spirit of all knowledge." Matthew Arnold

## MY MOTHER WHEN A GIRL

'Twas in a little packet that long years had been forgot,  
A bunch of old time letters laid away,  
Tied with a bit of ribbon in a neat true lover's knot—  
I found it while my children were at play.  
A relic old, and faded, but more precious far, than gold,  
Or Indian monarch's boasted wealth of pearl,  
And my tears fell fast upon it—  
'Twas a portrait worn and old  
A picture of my mother when a girl.

'Twas such a dainty maiden who looked out with smiling face,  
A maiden in a queer, old fashioned gown.  
Her hands so primly folded with a quaint and stately grace,  
Her laughing eyes demurely glancing down.

'Twas such a stately maiden of an age long dead and gone,  
Whose face peeped out from frame of hair auri;

And as I sat there dreaming fast my teardrops fell upon  
The picture of my mother when a girl.

'Twas but the briefest moment e'er I was a boy again,  
And youthful days came trooping back to me.

I saw the old home standing just as in the old days when  
I lisped my boyish prayers at mother's knee.

I felt her kisses clinging unto mine in sweet caress—  
Ah, naught the happy past can e'er unfurl

Like this dim, faded likeness of a maid in somber dress—  
The picture of my mother when a girl.

In place of chiefest honor hangs this portrait old and worn,  
A sacred shrine where love's homage pays.

And not a painter living could my humble home adorn  
With a picture that could longer hold my gaze.

The home is incense laden and the mornings brighter dawn  
Since looking out from frame of hair auri

A face so sweet and saintly meets me when I gaze upon  
The picture of my mother when a girl.—Ex.

## SPLENDID SUCCESS.

Messrs. L. Freeman Little and Nat Alsop arrived in the city from Washington Saturday. For the past two months they have been in the East and Canada in the interest of a flour refining machine, which Mr. Alsop has patented.

It is tacitly understood that the gentlemen disposed of the United States rights on the patent for \$15,000 and the Canadian rights for \$20,000. Mr. Little said they had met with even greater success than ever anticipated. The machine will be taken into every wheat growing country in the world.

Messrs. Little and Alsop have had the machine with them. It weighs eighteen hundred pounds and was constructed in the laboratory of Mr. Alsop on his farm. Flour is treated by an electrical process which changes it from a second and third grade to a first grade. The machine is pronounced by millers to be one of the greatest inventions ever made for the treatment of flour.—Owensboro Messenger.

## VIEW.

J. B. Binkley has been on the sick list.

Claud Binkley, a little son of J. B. Binkley, had the misfortune to fall from a fence, last week, and broke his arm.

Having complied with their contract the R. M. Mining Co. closed their works last Saturday. Possibly this is for the balance of the year.

Mrs. Ada Childress is very low with pulmonary trouble.

Mrs. A. H. Cardin has returned from Cerulean Springs after an extended visit.

Jeff Spencer, of Louisville, is the guest of his grandfather, F. M. Clement.

The latest arrival is a democrat at the home of Newt Pulley.

## LEVIAS.

Mrs. L. L. Price and Miss Osie Gilles are under the care of a doctor. They are convalescing.

St. Franklin has moved to Milford to engage in the mercantile business. Elder G. S. Summers has moved into the place vacated by St.

Our school opened Monday with Miss Mary Moore to wield the rod and teach the young idea how to shoot.

Quite a number from here attended the Ed Farmer funeral Sunday. Elder J. S. Henry conducted the services at his home.

Miss Ida and Blanche Bebout, of Sheridan, attended church at Union Sunday.

The pastor being absent R. A. LaRue preached at Union Sunday. He has just returned home from holding a successful meeting with Sulphur Spring church.

The Hopkinsville Co. prospecting on the E. B. Franklin place were here Friday and liked the prospect well enough to double the force of hands and ordered the work pushed with all possible haste.

## VIEW.

G. P. Watson and family, of Paducah, left this section for home this week after a prolonged visit to relatives and friends.

Three of the Bass children are ill this week.

Lambert Kirk and family are indisposed this week.

J. C. Matthes of this section, is imbibing the salubrious waters of Cerulean Springs this week.

J. E. Binkley witnessed the unveiling of the W. O. W. monument at Marion last Sunday.

W. B. Binkle has recently completed a fine tobacco barn.

Farmers of this section are cutting tobacco this week, the dry weather causing it to fire up.

The many friends of Miss Ada Childress, who has been quite ill for some weeks past, are hoping for her rapid and complete recovery. Miss Ada is one of the most popular and charming young ladies of this section.

Ed. Peek is moving his saw mill to Mrs. F. E. Hodge's place. He figures sawing at this set about 175,000 feet of lumber.

O. E. Lear is making sorghum for Mrs. J. P. Person.

The steamer J. B. Richardson is in possession of two mascots, a goat and a dog. The goat is quite a circus performer while the dog serves as a watchman on the upper deck, preventing all the rousters from invading that part of the vessel. The animals are the property of Capt. Jim Howard, Jr., of the steamer Joe Fowler. Capt. Howard loves his pets and they are general favorites among the passengers on the boats.

## MEXICO.

The protracted meeting closed last Thursday with 30 professions and 26 additions.

Rev Lishy Thomas and mother, of Sulphur springs, visited relatives at this place recently.

D. W. Hodge and his sister, Nellie, visited their brother, P. R. Hodge Saturday and Sunday.

We all enjoyed a good prayer meeting at Andrew Davenport's Saturday night.

A good rain would be enjoyed better than anything else at this time, as water is getting scarce, both for man and beast.

J. H. Price and family of Levias visited the family of P. N. Hodge Sunday.

F. E. Tyner is hauling lumber to this place for shipment. He says he has 65,000 feet to ship from this place.

The Commercial Mining company are working at the Tabb mines again. This company have got an excellent shaft at this town.

There was 16 cars loaded with spar shipped from this place during the month of August.

Dave Boaz of Fredonia was down at this place looking after his interest Sunday.

## STARR.

Dry and dusty.

J. A. McCormick is building a new residence.

J. B. McNesly will commence school at Starr Sept. 14th.

Prospecting in the mining business continues.

Starr school commenced with a good attendance.

Dr. Cook, of Crayneville, is riding night and day.

The Hurricane camp meeting folks have all returned home.

Miss Birdie Fort is teaching at Belmont.

MARRIED.—Thursday, during Hurricane camp meeting, Mr. Vernon Hill of Starr and Miss Stella Jacobs of Crayneville, stampeded, cut from the camp ground, crossed over into Illinois and had the nuptial knot tied that made them man and wife. The wedding was kept a secret even from their nearest friends for several days. But Vernon finally produced their marriage certificate to the bride's father. Then congratulations were in order, and we want to wish the happy young couple a prosperous voyage through life.

Mrs. Emaline Hill of Marion, is making her home with Mrs. Andrews.

Jim McCormick is hauling building material for Doc McCormick.

Saturday and Sunday is Bro. Vaughn's regular preaching days at Pine creek church.

Our miners think they are going to make a rich find on Prince Pickens farm.

## OAK HALL.

Our school opened the last Monday in August with a large attendance.

A number of our farmers are busy cutting their peas. What a bonanza is the cowpeas to the Southern farmer.

A Dean sold two nice south-down lambs to Tom Douglass of Illinois recently.

Charlie Robinson returned from Illinois last week.

J. R. Marvel has completed an up-to-date tobacco barn.

Mrs. J. E. Dean continues improving in health.

Miss Emma Terry is also rapidly improving.

A Dean was visiting relatives in Caldwell county recently.

## FLATROCK.

Some of the numerous PRESS readers may have heard of Flatrock.

It was here that Bro Blackburn first began preaching, and he still preaches here occasionally.

Ask E. Bell Rowland and his good wife if they have been here. You may please tell them and the balance of inquiring friends that we are not only dry, but very dry, and getting dryer.

Speaking of Rev. Blackburn it was here that he and uncle Seth Wigginton, of saintly memory, used to carry on protracted meetings for two or three weeks at a time.

Our school opened Monday with Luther Spikard teacher.

Esq. Moore held quarterly court Monday; there was a full docket.

## LOLA.

The farmers have stopped plowing for wheat, as the ground is so dry and hard they can not plow.

There is a great deal of sickness in this vicinity; the doctors are very busy.

Mrs. J. E. Johnson has been down with a slow fever for several days but is now better and able to be up.

Mesdames Nora Gardner and Vine Bryant, of Carville, are visiting in this place.

A little daughter of Press Williams and wife died this week.

We will say in sympathy to the bereaved father and mother, weep not for her for she is at rest. God gave, he took, he will restore; He doeth all things well.

## CHAPEL HILL.

Tobacco in this beat is firing up very badly, and we predict it will have to go into the house. However we will make pretty fair tobacco, it is looking very well considering the drouth; some crops are standing the drouth better than others; some on low lands is not hurting much yet but the majority is damaging.

Our cemetery has had another clean off and begins to look as though the people of Chapel Hill intended having a nice place to bury their dead.

We are having a dry and dusty time, which is damaging late corn very much, the early planting is firing up but was matured mostly before the drouth set in and I therefore we will make some corn in our circuit.

Our school is moving right on, in good shape, with a good attendance; after the tobacco is housed the pupils will all be in attendance and Bro. Stevens will have his hands full.

Frank Loyd and wife of Caldwell county, were at the district convention.

Misses Alice Browning and Betty Bigham of Marion were at the convention.

## SHERIDAN.

The mining interest is still at full heat. Several mines are operating with splendid results.

The old Holly mines' whistle is heard three times a day. The Barrett, Noe, Cartwright Co.'s mines have closed down for a short space of time.

Bob Yates, while digging a cistern on his farm at Sheridan, struck some mineral that has puzzled the mineralogists at our town, and while we believe that we have men here who know all about minerals, they will have to call in consultants, but this mineral all believe is very valuable. All that are interested in mineral would possibly be benighted by calling and seeing Bob's prospect.

The members of the sick list are as follows: Miss Ada Terry, Mrs. Moon, Mrs. Jno. E. Thomas, and Dr. Gardner's baby has been quite ill, but is better at present.

Born, to Mr. and Mrs. Ellis Cline, last Friday evening, a fine boy.

There will be another addition to Sheridan next week. Bob Gibbs will erect a tanning plant on the Hayward farm, one mile east of Sheridan. He has already brought in three hides he secured last Saturday.

## TILINE.

We had preaching here Sunday. Bro. Duccan delivered an excellent sermon.

Our school began Monday; Miss Lulu Wheeler, teacher. We wish Miss Lulu a grand success.

Tiline and Sugar Creek base ball teams had another warm game. Score 9 to 23 in favor of Tiline.

## CAVE-IN-ROCK.

The river is so low that it is too heavy to move on a heavy cannot ply its waters. If it wants to commit suicide it chooses other means than drouth. The mails are very irregular sometimes it is several days before a boat arrives.

Circuit court begins next Monday and nearly everybody has been summoned. The most important case on the docket is that of C. Moore charged with the murder of Chas. Waters last winter. Moore's incarceration for a crime it has been hinted at was the guilty party in a mysterious murder for which a young man was tried several years ago.

Ray Hardy, the M. E. Pastor, is holding a series of meetings this week.

A large drove of western horses are being sold here today (Saturday).

We noticed several parties from Crittenden to attend horse sale.

F. S. Brantley, a Crittenden county native, and F. M. Day, who is also a Kentuckian, had altercation a few weeks ago which came near being serious for both of them. Mr. Brantley soon covered and Mr. Devers is now reported out of danger. Both usually quiet citizens and the fair is to be regretted.
